AUTHORS' INDEX

Aiyar, S. P. .. The effects of phosphate deficiency on rice, 165.

Bhat, N. R. .. *See* Sukhatme and others.

Chopra, N. N. .. Proteolytic enzymes of thermophilic bacteria, I, II, 100, 153.

Choudhri, R. S., and Krishan, Ram — Photoperiodism and sex in *Zea mays*, 73.

Damodaran, M., Ramaswamy, R., Venkatesan, T. R., Mahadevan, S., and Ramdas, K. — Amide synthesis in plants, II, 86.

Datta, Amiya .. *See* Majumdar and Datta.

Ganapati, P. N. .. On *Lecudina pellucida* (Kölliker) Mingazzini (1891) from the gut of *Nereis chilkaensis* Southern, 211.

Notes on some gregarines from polychætes of the Madras coast, 228.

Kadam, B. S. .. *See* Sukhatme and others.

Kausik, S. B., and Subramanyam, K. — A contribution to the life-history of *Sphenoclea zeylanica* Gaertn., 274.

Khatib, S. Mahmood Husain — Studies in galerucinæ. The external morphology of *Galerucella birmanica* (Jacoby), coleoptera, polyphaga, phytophaga, chrysomelidæ, galerucinæ, 1.

Krishan, Ram .. *See* Choudhri and Krishan.

Mahadevan, S. .. *See* Damodaran and others.

Majumdar, G. P., and Datta, Amiya — Developmental Studies, I, 249.

Mathur, P. N. .. The anatomy of the reptilian heart, II, 129.

Pingle, S. V. .. *See* Trehan and Pingle.

Ramaswamy, R. .. *See* Damodaran and others.

Ramdas, K. .. *See* Damodaran and others.

Rao, C. Surya Prakasa .. A contribution to the morphology and life-history of *Sargassum tenerrimum* J.Ag., 39.

Sayed, R. A., and Shah, M. A. — Clinical occurrence of phlyctenular kerato-conjunctivitis, 79.

Shah, M. A. .. *See* Sayed and Shah.

Singh, Inderjit	..	The relation of permeability to adaptation in unstriated muscle, 52.
		Comparative physiology of unstriated cardiac, and striated muscles, 58.
Singh, Inderjit., and Singh, Mrs. Sunita Inderjit		The effect of some metals, vitamins, anæsthetics and other substances on unstriated muscle, 301.
		Tonus in unstriated muscle, 312.
Singh, Mrs. Sunita Inderjit		*See* Singh and Singh.
Sukhatme, P. V., Kadam, B. S., and Bhat, N. R.		Random sampling for estimating rice yield in Kolaba, Bombay, 194.
Trehan, K. N., and Pingle, S. V.		Chæmotropic response of fruit flies, 260.
Venkataramani, K. S.	..	Studies on Indian bananas, I, 113.
		Breeding brinjals (*Solanum melongena*) in Madras, I, 266.
Venkatasubban, K. R.	..	A preliminary survey of chromosome numbers in scitamineæ of Bentham and Hooker, 281.
Venkatesan, T. R.	..	*See* Damodaran and others.

TITLE INDEX

Bacteria, thermophilic, proteolytic enzymes, I, II (Chopra), 100, 153.

Bananas, Indian, studies, I (Venkataramani), 113.

Brinjals (*Solanum melongena*), breeding, in Madras, I (Venkataramani), 266.

Developmental studies, I (Majumdar and Datta), 249.

Flies, fruit, Chæmotropic response (Trehan and Pingle), 260.

Galerucinæ, studies. The external morphology of *Galerucella birmanica* (Jacoby), coleoptera, polyphaga, phytophaga, chrysomelidæ, galerucinæ (Khatib), 1.

Gregarines, some, from polychætes of the Madras coast, notes (Ganapati), 228.

Lecudina pellucida (Kölliker) Mingazzini (1891) from the gut of *Nereis chilkaensis* Southern (Ganapati), 211.

Muscles, striated, unstriated cardiac, comparative morphology (Singh), 58.

Muscle, unstriated, the effect of some metals, vitamins, anæsthetics and other substances (Singh and Mrs. Singh), 301.

Muscle, unstriated, the relation of permeability to adaptation (Singh), 52.

Muscle, unstriated, tonus (Singh and Mrs. Singh), 312.

Phlyctenular kerato-conjunctivitis, clinical occurrence (Sayed and Shah), 79.

Plants, amide synthesis, II (Damodaran and others), 86.

Reptilian heart, the anatomy, II (Mathur), 129.

Rice, effects of phosphate deficiency (Aiyar), 165.

Sampling, random, for estimating rice yield in Kolaba, Bombay (Sukhatme and others), 194.

Sargassum tenerrimum, J.Ag., morphology and life-history, a contribution (Rao),39.

Scitamineæ of Bentham and Hooker, chromosome numbers, a preliminary survey (Venkatasubban), 281.

Sphenoclea zeylanica Gaertn., life-history, a contribution (Kausik and Subramanyam), 274.

Zea mays, photoperiodism and sex (Choudhri and Krishan), 73.
